Docket No. CP12-499-000

NOTICE OF REQUEST UNDER BLANKET AUTHORIZATION

Take notice that on August 9, 2012, East Tennessee Natural Gas, LLC (East Tennessee), 5400 Westheimer Court, Houston, Texas 77056-5310, filed in Docket No. CP12-499-000, an application pursuant to Sections 157.205 and 157.216 of the Commission's Regulations under the Natural Gas Act (NGA) as amended, to abandon in place two standby compressor units and abandon in place or remove related appurtenant equipment at its Glade Spring Compressor Station in Washington County, Virginia, under East Tennessee's blanket certificate issued in Docket No. CP82-412-000,¹ all as more fully set forth in the application which is on file with the Commission and open to the public for inspection.

East Tennessee proposes to abandon in place two standby 660 horsepower reciprocating natural gas compressor units and abandon in place or remove related appurtenant equipment at the Glade Spring Compressor Station. East Tennessee states that the two standby compressor units are outdated and their abandonment would have no effect on any of East Tennessee's transportation customers. East Tennessee also states that in order to install additional noise control equipment and update the two compressor units would require significant capital investment. Further, East Tennessee estimates that it would cost \$15,900,942 to construct these facilities today.
